HEADLINE: Martin & Company to Exhibit at AICP Annual Conference

Martin & Company will exhibit at the 2010 Annual Conference for the Association of Insurance Compliance Professionals October 3 – 6, at the Hyatt Regency in Dallas, TX.

The AICP annual conference brings together industry professionals, trade association representatives and regulators to share information about timely and relevant insurance topics in the areas of property, casualty, life, and health insurance.

This year's theme, "Trail to New Frontier" is the theme selected for this year's conference. Because 2010 is the AICP's 25 anniversary, this theme recognizes the association's history and evolution, as well as its role in helping compliance professionals prepare for future challenges and opportunities.

This year's program will include more than 60 sessions, geared to compliance professionals with varying experience levels. From introductory sessions designed to cover compliance basics, to advanced-level sessions focusing on specialized areas of regulatory issues, this year's program offers something for everyone.

Visit the Martin & Company booth to learn about our comprehensive suite of Actuarial, Compliance & Regulatory and Countrywide Products & Services.

Visit www.aicp.net for regular conference updates and registration materials.
