

Actuarial Services

The service capability at Martin & Company just got better! We have added Dean Westpfahl, FCAS, MAAA, CPCU, as Director of Actuarial Services. This expands the actuarial services that Martin & Company now offers:

- **Statement of Actuarial Opinion** - Qualified Actuary for P&C Annual Statement reserve opinions.
- **Loss Reserve Analysis** - loss ratio studies for initial booking ratios.
- **Ratemaking** - analyze data to develop rates and rating variables for new programs and updates.
- **Loss Cost Multiplier** - analyze data to develop initial or revised loss cost multipliers.
- **Rate Filings** - completion of state required transmittal forms and development of actuarial exhibits.
- **Benchmarking & Market Intelligence** - detailed comparison with competitors' filed rates and rating plans.
- **Risk Retention Analysis** - ceded reinsurance strategy and pricing analysis.
- **Operation Support** - counsel on capturing ratemaking data for predictive modeling.
